

Amendments to the Specification In Reissue Format
(37 CFR 1.173(b)(1))

On the first page of the enclosed specification of U.S. Pat. 6,370,564 B2, amend the first paragraph, printed at col. 1, lines 5-7, as follows:

CROSS-REFERENCE TO RELATED APPLICATIONS

Notice: More than one reissue application has been filed for the reissue of Patent No. 6,370,564 B2. The other reissue applications are application numbers 10/821,833, 11/254,216, 11,825,111, 11/825,112, 11/825,601, and 11/825,602. This is a continuation of Reissue U.S. Ser. No. 10/821,833, filed April 9, 2004, now pending, which is a reissue application of U.S. Ser. No. 09/055,523, issued as U.S. Pat. 6,370,564 B2, which is a ~~[[D]]~~division of application Ser. No. 08/661,428, filed Jun. 11, 1996, now U.S. Pat. No. 6,175,854 [, filed Jan. 16, 2001]. Each application and patent identified in the previous sentence is incorporated by reference in its entirety.
